PERFORMANCE CERTIFICATE

To whom it may concern.

We certify that we installed one Combustion Air Preheater on naphtha platforming heater installed by our company at Česká rafinérská refinery, Litvínov, Czech Republic. The Combustion Air Preheater was supplied by MORAVIA-APEX, s.r.o., Lelekovice, Czech Republic.

The unit has been in continuous operation since November 1994 to our full satisfaction.

The fuel used in the heater was refinery fuel gas.
