Testimonial

To whom ever it may concern,

Stadtentwässerung Mannheim would like to present our appreciation to APEX Group, regarding your professionalism in delivering of the Heat Exchanger precisely fulfilling our expectation and plant's demands.

In 2004, Stadtentwässerung Mannheim purchased a CORPEX® Plate-type Gas/Gas Heat Exchanger from APEX Group for our Sludge Incinerator plant. Your high quality product keeps an outstanding performance for 10+ years, under the operation at high temperature (900 °C) and in a very dirty environment.

We would like to thank APEX Group for the design engineering, fabrication expertise, excellent collaboration during project execution and after-sales service.

We are very satisfied with the installation, operation and the overall performance of the equipment. We look forward to cooperating with APEX Group for future work.

Yours sincerely

Stadtentwässerung Mannheim
