

Reference Letter to APEX GROUP

March 24, 2017

Dear Weixin Zhang,

Thank you for the successful completion of our purchase order contract with you for a WATER AIR PREHEATER and a START-UP AIR PREHEATER. We handled this account for our client Air Products.

We were pleased with your execution of this order including on time document submittals in proper accord to our requirements, easy communication through both email and phone calls direct to your offices and excellent coordination when it came time to arranging the shipment for these pieces of equipment.

Your professionalism is noted and we would have no problem in recommending APEX for future work. Thank you and be well.

Mario Hidalgo
